## Japanese Occupation Stamps Of The Philippines

### Typical Jap-Filipino First Day Cover And Cachet

Three typical stamps issued by Japan in occupation of the Philippines. These are listed as numbers 15, 16, 17 in the check list. The three stamps together were also issued in a souvenir miniature sheet, check list number is 18. For other covers and stamps see inside pages.

### FIVE AND FIVE ARE TWENTY

Joseph B. Abrams of Brookline, Mass. takes us to task for our printed complaints about Korea sheets being sold without the two top rows in many parts of the country. Mr. Abrams states that for some time past the practice at the Agency has been to allow a plate number block with a certain portion of a full sheet, in the case of the 5c stamps Mr. Abrams says one was obliged to purchase 20 stamps and that the plate number block would be given.

Mr. Abrams uses strange arithmetic since two top rows of a Korea sheet are but ten stamps and it was sheets of 40 that were offered in many offices without the top two rows of ten.

There is every evidence that there was something underhand in the handling of this stamp since there never were any reports of any other beheaded sheets of these flag stamps.

### Unusual Publicity For Our Hobby

Mr. E. C. Roberts, Advertising Manager of the Clark Controller Company of Cleveland, Ohio, manufacturers of Electrical and Mechanical Apparatus, sends us a copy of the House Organ of this Company which is named, The Contactor.

This publication has a circulation of 13,000 copies to many of the largest industrial firms in America.

The March issue features a page from a stamp collection on its front cover and its lead article is titled, "Off The Beam Stamp Collecting."

This article is well written and shows evidence of stamp knowledge on the part of the author. It is such an article as should encourage interest in stamps and stamp collecting rather than picture the hobby as some sort of game to be played by children.

More articles of this nature properly backed up by sound and sensible stamp merchandising by dealers will help elevate the stamp trade.

### MONSTER STAMP FOUND

Tom Whitbread of West Cummington, Mass., reports finding a copy of the 1c 1922-31 series which measures 77x81.5 mm. It is pre-cancelled Newark, N. J., a bureau print issue. With such reports from this section of the country we wonder how big are the eggs that his hens lay.

### More Beheaded Korean Sheets

Since printing the information concerning vast lots of Korea sheets being sold in New York and elsewhere with the two top rows missing we have had letters from other sources indicating the same situation.

The latest is from Atlanta, Ga., wherein a collector reports that he inquired for Korean sheets, wanting to buy a few of the top half of the sheets. The postmaster, so he states, advised him that he could not break the sheets for him in that manner and that if he wanted them he should take the full sheet.

The collector left and came back about three days later with the intention of buying some full sheets. When he inquired for them he was told that there were no full sheets in stock, but he was told that there were a few thousand sheets with the two top rows missing on every sheet.

The question is, who got those tops or what kind of business is being carried on in our postoffices.

### Information Now At Hand Shows That Jap Postal Officials Took Advantage Of Every Philatelic Opportunity

Since the fall of Bataan, the stamp collectors of America have been in the dark as to what was happening in Philatelic circles in the Philippine Islands. Such activity for this country as has been apparent has been mostly with questionable issue of various stamps from the Philippine Philatelic Agency at Washington. The first shock for collectors was the release from some source of the 2c booklets, later followed by reprintings of other stamps to fill demands from collectors and dealers. What was happening in Philatelic circles in the islands was apparently as unknown to the Philippine Commissioner as it has been to collectors, leastwise with the great variety of material that was prepared by the Japanese and released for Philippine Philatelic consumption, no one has seemed to know anything about it since nothing has been published in this country and now when the islands are free again, we are astonished at the thorough job that the Japanese did in the matter of issuing stamps, many of which are commemorative of Philippine historic events as well as providing collectors with first day covers, handsome cachets and all the trimmings even to a souvenir sheet.

### 1840 Model Wolf Pens Note On New Mulready Politely Seeking Victim

The howl of a gentlemanly wolf a century ago is neatly preserved on a Mulready lettersheet which recently turned up in New York.

It was posted at Hull on May 21, 1840, when Mulreadys were less than a month old, and is addressed to Mr. Lewis Philip Morley, Post-office, Barton upon Humber, Lincolnshire. The message, penned in a bold hand, reads:

Sir:

Having heard that there are several Ladies in your town calling themselves Sally Mouse, I shall be much obliged if you will catch one for me and bring her to Hull as I am very hungry.

Your obt. Servant  
SPRING HEEL JACK

The engaging nom de plume is believed to have been borrowed from a contemporary Jack the Ripper who, it was rumored, had springs set in his boot-heels, the better to leap upon his victims.

This curious Mulready will be among the specialized Great Britain to be offered in the April 24-25 auction of H. R. Harmer, Inc., 32 E. 57th St., New York 22.

Thanks to our good friend and subscriber, T/Sgt. T. H. Price now in the islands and whose home is Ogden, Iowa, we are able to present to the stamp collectors of America, what is believed to be a complete listing of the entire 62 different postage stamps, cards and envelopes that were issued under Japanese occupation.

The total number of stamps and postal stationery is more than 62 since some of the items are issued both perforated and imperforate.

We give first a Chronological listing according to dates of issue and then a check list in which it has been attempted to group the stamps in definite groups according to their kind.

Several illustrations are included, many of which have not heretofore been seen in the Philatelic press of America and we also are able to illustrate some of the special covers such as First Day and with various cachets.

Following is the chronological list from copy as supplied direct from the Philippines and prepared by stamp collectors of the Islands.

The following is a chronological list of postage stamps, envelopes and postcards issued, and a translation of some of the wording used, during Japanese occupation

ULATIONS—FALL OF BATAAN AND CORREGIDOR—1942". Total issue—100,000 copies. An official cachet was used on first day covers.

September 1, 1942

- 2 5c on 6c brown (Scott's 435). PROVISIONAL. Issued because of increase in postage rates from 2c to 5c. Several overprintings were done from time to time at the Bureau of Printing. No official cachet was used on FD Covers.

September 1, 1942

- 51 3c brown red (Scott's J-15, double-barred). POSTAGE DUE. Issued to take care of shortpaid mail posted by persons who were not yet aware of the postal ruling to the effect that beginning September 1, 1942, all first class mail shall be charged 5c, instead of the 2c rate. The words "UNITED STATES OF AMERICA" in two lines were deleted by two black bars drawn with pen and ink. Hence the stamp is known as the "Double-bar." It has no value whatsoever when off cover, but covers franked with the stamp postmarked from September 1 to October 13, 1942 are one of the hard-to-get items.

October 13, 1942

- 52 3c brown red (Scott's J-15) single-barred. POSTAGE DUE. Issued when stocks of the "Double Bar" were exhausted on the morning of October 13, 1942. The words "UNITED STATES OF AMERICA" in two lines were deleted with one single printed bar. (blue).

## WANTED—A SERIES OF INEXPENSIVE HANDBOOKS

Having contact with many thousands of stamp collectors of all types, we are more and more convinced that there is a definite need for a series of small and inexpensive handbooks, each confined solely and wholly to a single subject. Just how much sale there would be for such books would be dependent on the subject covered in each book. We feel that we could name several subjects where the sale would be sufficient to properly produce and market the book through a publication such as ours and where possibly an individual in attempting to market the same book might find it a losing proposition. We would confine the subjects entirely to various United States items in starting a series of these books. Time does not permit us to make the search necessary to produce copy for such books but we do know that there are probably many collectors who could provide proper and practical copy. Most of the information we would wish to include in such books has previously been published and is available to anyone who has a library of sufficient scope to gather the material therefrom.

The fault with all of this copy however is that it has been published in two different forms, neither of which we consider suitable for the average collector.

It has either been printed piecemeal in a series of articles in one magazine or in short articles treating only part of the subject in many magazines or it has been published in a large book together with a mass of other information so that the cost of the book is much beyond many collectors who would gladly pay 25c to 50c for a small book confined solely and wholly to a single subject.

There are also several foreign subjects which might make popular sellers if produced in small booklets at a low price.

One fault with much good material that is printed is that it is grouped into a booklet with a dozen or so other articles and sold at a dollar or more and the collector who might be interested in one single article in such a book can not be blamed if he does not pay the price for the book in order to get that one single article.

We would like to try the experiment of producing a series of small pamphlets or booklets, all printed and bound in uniform style so that as a whole they would make a library of small booklets.

Are there collectors who are able to prepare such copy and who would care to do so as an experiment? We are prepared to produce the booklets and see what results can be obtained.

We should welcome letters from specialists in any U. S. subject with a view to producing a small handbook on such subject.

We have a very definite idea of what we would be ready to try in an experiment of this nature, and if what you have to offer at present does not meet with our approval, it would naturally be refused until we were satisfied that there would be a market for such material.

We should like to produce a booklet on U. S. Booklet Panes, illustrating the different panes that can be found from the various printings or types of plates as well as plate layouts and giving a complete list of the known plate numbers for each item. Also illustrations of the covers of the books and other material of interest.

We should also like to produce a booklet on U. S. Plate numbers, illustrating the various types of these numbers as come on sheets of different styles of production and explaining the manner and form of collecting the various issues.

Is there a collector of either of these items who can supply reliable copy for such booklets?

## A FORTY-EIGHT HOUR PASS

We hear and read of many of the boys in the service who get a 48 hour pass and we sometimes think of ourselves as being in about the same fix as these fellows. Nothing like a real vacation has been enjoyed by your editor since this publication was started over 16 years ago.

Such respite from our work as we do have has usually been a few days at a time usually limited to about two and right now we are sweating to get caught up and ahead of our work so that we can leave here for a trip to Cleveland and the Garfield-Perry Annual meeting. We will leave for home again on Sunday afternoon when we will find a heap of mail that will cover the top of our desk and more work and sweat to clean it up.

On this trip we will have company as our daughter Hazel is to accompany us and we expect to have a very pleasant trip. Two weeks later we plan a similar trip to Detroit where we have been asked to serve as one of the judges for the Michigan Stamp Club Exhibition. This will be another "forty-eight hour leave" and that is about the extent of the vacation that we can have.

All next week we will be behind with answering mail but the paper will go on to the best of our ability in the meantime.

## THESE BIG ISSUES

Some year or more ago we thought it quite a feat to get out a twelve page paper. We have done it so often lately and even one of 16 pages that it is getting to be the usual thing. Perhaps some day we can definitely adopt a 12 page size. It would of course be impossible to get out these big numbers were it not for the fact that good offers of choice stamps to our readers bring such splendid responses for those who offer them that we are crowded with large advertising space.

Last week we had much big space and the big Chassy advertisement that brought him such splendid results when first run was repeated with all new offers. This week we are again running a two page auction for Cachet Craft. Their former sale was a four page one, this one will offer you much of interest. There are also several other large and small advertisements filled with bargain offers.

 BY KENNETH M. GIERHART  
 Baltimore, Ohio

We promised a few weeks back a break down of precancel using towns by countries for other states besides OHIO. Here is the first of this series and is taken from the MARCH issue of the BUCKEYE. A free copy of the BUCKEYE to those who ask. Just drop me a card.

## WISCONSIN TOWNS BY COUNTIES

by Howard A. Schaefer

A glance at my favorite state will show that it, shall we say saturated with precans. Every country boasts at least one precancel using town and there are two, Ozaukee and Pepin, where every town listed in the Postal Guide uses precans. Two more, Columbia and Kewaunee, are almost in the select circle with all but one listed town precanceling. This has started me to wondering how many other countries can boast such a record.

The 71 countries vary from 3 with one town using precans to 2 with twenty precancel towns. As usual towns are not listed until stamps are seen. Want to extend hearty thanks to friend Henry Goetzelt for help on the following list.

Adams, Florence and Iron with 1 town each; Eau Claire, Forest and Sawyer with 2; Burnett, Lincoln and Vilas have 3; Iowa, Kewaunee, Langlade, Marquette, Pepin and Price with 4; Bayfield, Buffalo, Door, Douglas, Oconto, Oneida, Pierce, Richland and Washburn have 5; Ashland, Green, Green Lake, La Crosse, Rusk, Taylor and Washington with 6; Calumet, Crawford, Juneau, Monroe, Ozaukee, Racine, Waushara and Wood have 7; Brown, Chippewa, Kenosha, Lafayette, Portage and Winnebago boast 8.

Dunn, Jackson, Marinette, Milwaukee, Saint Croix, Trempealeau and Vernon have 9 towns; Barron, Jefferson, Rock and Shawano have 10; Outagamie, Polk and Sauk boast 11; Marathon, Walworth and Waupaca have a dozen; Clark, Fond du Lac and Sheboygan own up to 13; Columbia waves the flag with 15; Manitowoc and Waukesha have 16; Dodge has 17; and Dane and Grant lead the parade with 20 apiece. Next month we shall visit the Blue Grass state of Kentucky.

## More Information About APO Cancels

Reference was recently made to a cancellation with "BPO" instead of "APO" and we made the guess that this stood for Base Post Office. We now have a cover from Mr. Paul A. Croy of Roanoke, Va. in which the cancellation clearly reads "2nd Base PO", thus confirming our belief. This cover also carries a number "790" which

would appear to be an APO number, in addition to the 2nd Base P. O.  
Mr. Croy also calls attention to the APO numbers on three covers of which he submits photos. One with the number 574 is definitely different and unusual and appears from the photo to be written in with ink. A cover with number 464 and another with 790 are both unusual and different from the ordinary or average numbers. The photos are not clear enough to describe them more fully.

Another cover in our own mail just at hand from the Philippines shows an unusual cancellation in that the circle at the left of the wavy lines merely has the words "U. S. Army" at top and "POSTAL SERVICE" at bottom and a single line date "MAR 11" just above the center of the circle. No year or time indication of any nature.

## AIR MAIL COVERS

**JAMUEL S. GOLDBICKER, JR.** (Dept. Ed.)  
453 Mt. Prospect Avenue Newark 4, N. J.

The Civil Aeronautics Board recently merged three of American Airline's routes into a single route, so as to avoid duplication of segments of these routes and to simplify clerical work. These three routes are AM-7, AM-21, and the New York to Albany segment of AM-23; which were all combined into a single route which will be known as AM-7. So, effectively, there will be no more route AM-21. This is the third time that Civil Aeronautics Board has merged several routes into a single route; the other occasions being the merger of AM-3 & AM-16 into AM-3; AM-1 & AM-12 into AM-1; and AM-5, AM-20, and AM-42 into AM-5. Numerous other mergers are planned in the near future, but usually, no new services result as an outcome of these mergers other than nonstop flights between points on these routes.

## Second Edition Of Philatelic Handbook

The popularity of the series of Philatelic Handbooks as issued by Fritz Billig of the Billings Stamp Company of Jamaica, N. Y. is attested by the fact that a second edition of Volume 1 of these books has been printed, due to a heavy demand for the entire series.

This edition has been revised and brought up to date and many new features are added.

Taken as a Philatelic work, this handbook is filled with a mass of information of real interest. Mr. Billig is one of the best informed stamp men in the world and has an enviable reputation for philatelic knowledge.

The material covered in this book is of such a wide range that it is not possible to mention all of the subjects but chief among them are thorough specialized listings of Austria, Czechoslovakia and many of the Baltic countries, special items on cancellations, forgeries and a miscellaneous lot of material of genuine interest to collectors who study their stamps.

SILK THREAD PAPER IS  
AGAIN USED BY SWISS

A correspondent calls attention  
to the fact that the Swiss stamps  
are again appearing on paper with  
silk fibre in it, paper similar in  
appearance to that used in their  
stamps of 1854-55. The corres-  
pondent states that the threads are  
apparent in the current issue as  
well as in the lovely 1944 Pro  
Juventute issue.

**MALE ANSWERS THE MAIL:**  
R. C. Huntington, St. Petersburg,  
Fla. The samples of bad philate-  
lic cancellations you send me were  
bad, but I failed to notice any re-  
quest for special attention and  
knowing the lack of trained postal  
help I cannot condemn the sam-  
ples you sent. I agree that South  
Boston is a bad station for cancel-  
lations, but it is second only to the  
nations second largest city, a little  
village where I was born called  
Chicago, where the "I will" motto  
seems to mean, "I will louse up  
philatelic mails." They specialize  
in tearing flags stamps with the  
finger nail, and if they don't stop  
that, I'm going to write a couple  
of letters to senators and congress-  
men. If there's anything a govern-  
ment employee hates, it's having  
you write to a senator or congress-  
man. Gil Wakely, Moline, Ill. has  
a great idea for the post war  
period. He's going to convert his  
large trailer into a portable stamp  
shop and tour the country selling  
stamps to people who have no ac-  
cess to dealers shops. Imagine a  
truck backing up to your house  
and delivering you a set of mint  
Zepps! Stop off at my house first.  
Mr. Wakely, Dr. R.J. Scharaff,  
Cleveland thinks philately needs a  
philatelic sanitary engineering  
corps, which would delve into  
corps, which would delve into  
& Miq. #278-87 wherein he claims  
only 24 stamps were issued and he  
wonders how come they are listed  
as legitimate, and he thinks the  
publishers of the Scott Monthly  
ought to hide their heads for  
bragging about the current issue  
which is crammed full of Vichy  
stamps never issued for postal  
purposes. Sgt. C.W. DeLeuze  
wants to know why a plate or  
name block has more value than  
a plain block, and I've often won-  
dered. Would one of you U.S. ex-  
perts furnish us with an answer?

**THE TIFFANY OF PHILATE-  
LY**—I used to hate dealers, but  
lately have you noticed how I  
have learned to like 'em better  
and even give them a plug now  
and then? I'm not averse to giv-  
ing them a little free publicity. I  
am also not averse to protecting  
new collectors from being milked  
financially and possibly losing their  
interest in the hobby. Linn Reader  
T.R. Adams of Massillon, Ohio in-  
dignantly forwards me the price  
list of one, Juanita Halamuda of  
San Diego. I don't know whether  
that is a man or a woman, but  
from his (or her) price list the  
name should be J. Halamuda Tif-  
fany, for here are some of the  
prices charged for U.S. mint mat-  
erial! #725-Webster, 15c; #789 &  
794 Army & Navy 5c, 20c each;  
for the little Northwest stamp they  
only want 20c and for #906, the  
China common they ask 25c each  
or a \$1 a block and for #923 still  
on the agency list (Telegraph) all  
they ask is 15c. For a set of Fam-  
ous Americans they ask \$8 while  
they want (and hold your breath  
here) \$5 for a mint set of singles  
of the flags, \$25 for a mint set of  
flag blocks and \$50 for a mint set  
of flag name blocks. They will  
take no orders under a dollar  
and will not accept personal  
checks. They don't quote this in  
their price list, but my under  
cover operatives around San Di-  
ego tell me that for a set of mint  
Zepps they want your salary for  
the rest of your life and a mort-  
gage on the income of your child-  
ren. They go easy on the kids,  
however, since they only have to  
pay off until they are 50 years of  
age.

It is the American privilege to  
sell for as much as you can get,  
and buy for as low as possible, but  
any outfit that puts out a price  
list such as this ought to be out-  
lawed by every philatelic organi-  
zation and stamp paper, for a  
newcomer buying mint U.S. for  
his new hobby from them can soon  
sour and turn away from the hob-  
by. Here is a free piece of public-  
ity for you, Mr. or Miss or Mrs.  
Halamuda. It's to warn every phil-  
atelist that superb copies of every  
stamp listed in your price list can  
be obtained from every philate-  
list favorite dealer for half or  
less than half than the gyp list you  
put out.

**CANADA WAR TAX, FINE**  
MR-7 Mint \$2.25 Complete  
Several Blocks and Coil Pairs Avail-  
able. Cash with order. The "early  
bird" gets the "em! Try our want list  
service. Never less than fine.

## Florida School Marm Designed Florida Stamp

According to Wm. S. Branch of  
Orlando, Florida, the design of  
the new Florida Commemorative  
stamp is the work of an Orlando  
School Teacher, Miss Dena Snod-  
grass who has been employed with  
the State Chamber of Commerce  
during this Centennial year.  
The unusual part about the Flo-  
rida stamp is that the seal shown  
on it is not the current State seal  
but the old seal which was set  
aside over fifty years ago in favor  
of a new seal which pictures a  
Seminole Indian and a scenic  
background. The words around the  
seal were also altered from "In  
God is our Trust" as shown on the  
stamp to "In God We Trust", on  
the new seal.  
With further reference to the  
Florida stamp Mr. Branch states  
that Orlando, fifth largest city in  
the state received a lot of only  
20,000 of the stamps and that they  
were sold out within 36 hours. He  
remarks that the city could have  
readily absorbed 100,000 of the  
stamps. Mr. Branch further states  
that for previous Commemora-  
tives, Orlando has always had a  
much larger supply.

A lady in Arlington, Mass., wants to know why the current issues of Russia which are with cancellation, thus indicating used stamps are also with gum. She points out that the prices at which the material is offered is usually about the same whether new or used.

The answer is that there are collectors who want mint stamps and others who want used stamps. We have been told in the past that a great many collectors of continental Europe have always preferred used to mint stamps and that the sale for used stamps was much better than for mint. Be that as it may, the reason we have the Russian stamps with nice light cancellations is due to the fact that there is a demand for both mint and used copies. To fill this demand the Government very obligingly cancels a quantity of the stamps. These stamps are, we believe, sold at the same price as the unused ones, the cancellation is applied in order to furnish the used copies to fill the demand of the market.

We have known of instances where collectors in this country have desired nice used copies of certain United States stamps and to get them have either taken the stamps to the postoffice and had them canceled or placed them on an envelope and sent them

through the mail for cancellation. Its just a matter of how you want to look at it. All our First Day Covers are cancelled to order copies, many of which covers are ridiculous as postal pieces for they in some instances show stamps on them which represent no postage rate and are merely made to please the whim of a collector.

## HERMAN OUGHT TO KNOW BETTER

An unusually attractive cover comes around a letter from Herman Herst Jr., of New York. It has a double lined red frame around the space where the stamp is to be placed and with the inscription, "BUY BONDS FOR VICTORY" within the lines in blue. It surely is a very attractive item, yet is such as is prohibited for use by the Postal Regulations. Covers with advertising backgrounds around the stamps were plentiful in the late 80's and their use was prohibited then.
